An additional certificate from an official state veterinarian is not necessary.

Exact and up-to-date information regarding requirements for horses coming from third countries have to be requested by the person responsible (with the health certificate acc. to solidungulate directives horses may be entered not subject to approval from so called listed third countries. For the entry of none listed third countries an import permit is necessary).

Thereafter, a third dose (referred to as the first booster) must be given within 6 months + 21 days after the date of administration of the second primary dose, with at least annual boosters given subsequently (i.e. within one year of the last dose).
2. If the horse is scheduled to take part in an FEI competition, the last booster must have been given within 6 months + 21 days of arrival at the FEI event. (The 21-day window has been provided to enable vaccination requirements to fit in with the competition schedule).
3. No vaccination shall be given within 7 days of the day of arrival at the FEI event.
4. All horses that were certified as correctly vaccinated under the previous FEI equine influenza vaccination rule prior to 1st January 2005, do not need to start a primary course again provided that they have complied with the previous rule of primary course and annual re-vaccinations and the new rule of a booster vaccination within 6 months + 21 days of the day of arrival at the FEI event.

THE FEI CODE OF CONDUCT

FOR THE WELFARE OF THE HORSE

The Fédération Equestre Internationale (FEI) expects all those involved in international equestrian sport to adhere to the FEI's Code of Conduct and to acknowledge and accept that at all times the welfare of the horse must be paramount and must never be subordinated to competitive or commercial influences.

1. At all stages during the preparation and training of competition horses, welfare must take precedence over all other demands. This includes good horse management, training methods, farriery and tack, and transportation.
2. Horses and competitors must be fit, competent and in good health before they are allowed to compete. This encompasses medication use, surgical procedures that threaten welfare or safety, pregnancy in mares and the misuse of aids.
3. Events must not prejudice horse welfare. This involves paying careful attention to the competition areas, ground surfaces, weather conditions, stabling, site safety and fitness of the horse for onward travel after the event.
4. Every effort must be made to ensure that horses receive proper attention after they have competed and that they are treated humanely when their competition careers are over. This covers proper veterinary care, competition injuries, euthanasia and retirement.
5. The FEI urges all involved with the sport to attain the highest levels of education in their areas of expertise.

A full copy of this Code can be obtained from the Fédération Equestre Internationale, Avenue Rumine 37, CH-1005 Lausanne, Switzerland. Telephone: +41 21 310 47 47. The Code is available in English & French. The Code is also available on the FEI's

website: www.fei.org.

This schedule is approved, provided the corrections and additions as made by the FEI have been made. The National Federation and Organising Committee are obliged to ensure that the mandatory sections in the approved schedule are forwarded to guest NFs and Officials for their information.

Final approval of the Check-List for this Draft Schedule by the FEI, in accordance with Art. 110.1 denotes only that the contents are conform to the FEI Statutes, General Regulations and Rules. By no means does this entail implicit acceptance of any liability of the FEI for any damages to third parties caused by the Organising Committee and its officials, Athletes, owners, and their horses.

THE APPENDIX IS PART OF THIS APPROVED AND SIGNED SCHEDULE AND MUST BE DISTRIBUTED TO ALL OFFICIALS AND NFs AND IS AVAILABLE TO OTHERS UPON REQUEST
